I am very pleased to share the news with you that two of my close friends have now achieved the "RedHat Certified Architect" certification. They are [Sohail Riaz](#) and [Badi Ul Zaman](#) . Congratulations to both of you!

As per my knowledge, [Touqeer Hussain](#) was the first RHCA with roots in Pakistan. Sohail Riaz is second and Badi Ul Zaman is third RHCA with roots in Pakistan!

RHCA - RedHat Certified Architect is the highest level in RedHat Certifications. The person holding RHCA absolutely knows his stuff. Those who are interested in doing it, can look at this article [here](#) , written by Major Hayden - another RHCA.
